KOURTIDIS
Group

A human-centred group

KOURTIDIS GROUP is today a top Greek group of companies. With continuous investments in resources, geographical areas and with specialized human resources, it has been a leading company in Greece and abroad for 28 years.

Operating with extroversion and dynamism, with large-scale projects and a series of successful business moves, KOURTIDIS GROUP is constantly expanding its activities with new innovative products and high-level services.

The story of creating a leading group of companies in the country began several years ago.

The first presence in Greek business was in 1996 with the establishment of the construction company OIKO KOURTIDIS. A company that rapidly developed and transformed the coastal zone of Ofrynio, Orfani and Kariani.

28 years later, it has evolved into a large, wide-ranging Group of Companies, based in Ofrynio Beach of Kavala, with a leading role in the fields of Construction, Investment, Real Estate and Tourism.

2001-2009

OIKO KOURTIDIS builds more than five complexes, with "jewel in the crown", the complex of "Panorama" in Kariani, which is now the largest complex in Northern Greece, built exclusively by one and only company.

2012

A milestone for the development of the Group is the year 2012. The Cooperation Agreement with RE/MAX Greece is signed and RE/MAX Choice is created, with the first company office in Ofrynio Beach.

2015

The second office of RE/MAX Choice opens in Kavala.

2017-2020

The continuous development of the company in the coming years necessitates its physical presence through the operation of new RE/MAX Choice offices every year in Nea Iraklitsa, Serres, Drama and Thassos.

2018

The Group's activity is expanded and it invests in the tourism industry with the construction and operation of luxury tourist accommodations in Ofrynio Beach. In the same year, the decision of designing ALEX-ANDROU CHORA PROJECT, which is expected to change impressively the size and dynamics of the Group but also the tourist image of the region is made.

2019

The idea that brings the full verticalization of the Group's services, through the establishment of COSTA OFRYNIO BOOKING, the property management company and the creation of short-term rentals platform in Ofrynio Beach is implemented.

2020

A very important move is made with the creation of GIS Reception Department (GOLDEN INVESTMENT SERVICES), by providing integrated, high-level services to each potential investor who wants to operate in any sector of the Greek economy.

2021

It is a milestone year. In the context of the expansion of the Group's business activities in new sectors, KOURTIDIS GROUP's companies are evolving, renewing, re-designing their image and repositioning themselves in the market, emphasizing the qualitative characteristics and their strength.

2022–2023

The completion of 10 years of operation of RE/MAX CHOICE was celebrated with an anniversary conference. As a highlight of the collaborative effort and actions of the company throughout all these years, some more important awards and achievements were accomplished in Greece, Europe and worldwide. For the first time in Greece, a team of RE/MAX CHOICE Real Estate Consultants won the Titan's Club Award. RE/MAX CHOICE is also a pioneer in the

commercial sector and becomes the first part of RE/MAX Commercial in our country, thus offering the ONE STOP SHOP in this sector as well. Innovative for Greek standards is also the new service of the Group, KOURTIDIS AUCTION, that is being launched at this point. KOURTIDIS GROUP is entering a new digital era, creating an online auction platform.

2023–2033

KOURTIDIS GROUP is currently working on the next decade, having established solid foundations over the years. It is preparing new Projects that will lead to further development of the wider region as well as new products and services that will please and meet the needs of its customers even more.

The Kourtidis Group of Companies now "presses the start button" and begins the implementation of the ambitious Project ALEXANDROU CHORA. With new investments and an eye on growth, it intends to target the global market and bring its region into the spotlight, attracting major investors.
