

Kourtidis Group: The ultimate Case Study of Investment and Real Estate in Greece.

Kourtidis Group is today an inspirational business example for Greece. It was characterized by the business and journalistic world as a real Case Study of an impressive operating model with 6 offices, unique investment products and incredible results in the sectors of Construction, Real Estate, Investment and Tourism in Northern Greece. With a successful course of 28 years and a unique business approach, it has shaped areas in which it operates. It transformed "unknown" areas into spotlight destinations and impressively changed the landscape of investment opportunities.

The Group's international presence is based on the launching of pioneering and innovative Projects with return and added value, a one-stop shop operating model, tailor-made investment programs, a VIP after sales services and leading global partnerships with renowned Brands.

Its rich portfolio has more than 2,800 delivered holiday homes exceeding 182,000 sqm and a total of 55 organized and modern residential complexes. Currently, it is the only Greek company undertaking the construction of 1,161 holiday homes, with a total area of more than 72,000 sqm.

Among the great investments, for a total of more than 350.000.000 Euro, include the project "Alexandrou Chora", multiplex that consists of a residential village, a branded resort as well as cultural and athletic attractions. The residential complex "The Dolphin", is another ongoing investment that will enhance the attractiveness and added value of Northern Greece. Both projects will set new standards of luxury and cultural tourism. Kourtidis Group's basic philosophy is to create landmark projects that are both developmental for the regions and profitable for the investors.
